Instructions for Scorers in the League

- Both scorers will be seated or stood together throughout the match
- They will be positioned behind one of the umpires on the side line (preferably alongside the centre third) and away from team benches
- **Scorers must give the match total concentration** (no active mobiles/ ipads etc)
- Both Scorers will keep a simple score card which the teams will provide for them
- Scorers will agree who calls the scores after each goal is scored if there is no visual scoreboard
- Process for calling the Score – always call the leading team first (only call the centre pass if requested to do so by the Umpires)
- Both umpires must ensure that they indicate the direction of the centre pass after each goal is scored. Scorers should draw their attention to any discrepancy.
- The Scorers must signal the direction of any Centre Pass to be taken immediately after a stoppage.
- At each quarter/half/three-quarter time the Scorers should confirm the next centre pass with the umpires.
- **At the end of the match, Scorers must provide the Captains with the Final Score, the quarter scores, their names for the Results form, and ensure all Game Management actions (Caution, Warning, Suspension and Ordering off) have been correctly completed on the Game Management Record Sheet with assistance from the umpires.**
- The Scorers are not required to time the match but may do so if asked to by the umpires.
- If the Scorers are timing the match, they must:
 - Commence timing when the game is started by the umpire's whistle
 - Hold time when signalled to do so by the umpire and restart timing when the umpire signals for play to resume
 - Notify the umpires when the playing time specified for the quarter has elapsed
